A. INTRODUCTION

For 95 years, United Way of Racine County (UWRC) has been engaged in what we call “community impact” work. Community impact utilizes three strategies: community impact initiatives and programs, community engagement and the community investment process. We consider ourselves a community impact organization for a few reasons—meaning the work we're doing has a profound effect on the community as a whole, but also the work we're doing wouldn't be possible without the community's support.

B. HISTORY

Since 1922, UWRC has helped improve lives and build stronger communities by partnering with health and human service agencies. Over the years, our UWRC has grown and changed, from a community chest that funded agencies to a community impact organization. Community impact creates community change. Community impact responds to changing community needs, forging strategic partnerships and fostering effective solutions to tackle local issues. By harnessing the caring power of our community, best resources and inspiring others to join the fight we are building an educated workforce.

Working with the dedication of volunteers, donors and community leaders, we will continue to evolve and grow, while focusing on building an educated workforce to improve lives and transform our community. Together, we are the caring power of the community.

C. MISSION AND VISION

**Mission**
Mobilizing the caring power of Racine County to improve lives and transform our community.

**Vision**
UWRC envisions a community where individuals and families achieve their potential through healthy lives, education, and financial stability.

D. CODE OF ETHICS

UWRC volunteers, employees, and representatives have a responsibility to uphold the highest ethical standards. UWRC’s Code of Ethics sets forth standards and responsibilities to build trust through all that we do in our work. See appendix A for the full code of ethics.

SECTION I. OVERVIEW

F. INVESTMENT COMMITTEE STRUCTURE

Volunteer advisory teams oversee the community investment process within five specific priority areas. These investment teams are comprised of community volunteers representing a variety of expertise and backgrounds.

The goal of the teams is to make sound funding decisions based on the UWRC community investment process and in line with UWRC mission and strategies.

For further understanding of the composition of the relationship to the board of directors, community investment committee (CIC), financial team, investment teams, and YAR, use this organizational chart as a visual aid.
A. COMMUNITY INVESTMENT FUNDING

The community investment process is a multi-step process that is put in place to ensure that all community partners, including UWRC, are making progress on building an educated workforce. This coordinated investment strategy that focuses on underlying elements is the most effective way to build an educated workforce.

It is essential to the health of our community to have strong, vital and competently managed non-profit agencies concerned with the health and human services of our community. It is critical to the effectiveness and vitality of these agencies that their programs:

- Be developed and refined to address current problems.
- Have a diverse funding base (including local contributions).
- Be administered locally.
- Efforts are made to encourage and strengthen citizen concerns.
- As part of the responsible planning and administration, agencies should keep informed of and participate in plans and programs developed by city, county, state and federal agencies to meet community needs.
- Agencies should work with the appropriate community resources in developing, revising and coordinate their programs.

Funding available for distribution by UWRC is contingent each year upon the success of the annual campaign and other fundraising efforts. Funding commitments made to programs are also contingent upon:

- Successful RFP.
- Periodic program review, where sufficient progress towards outcomes and performance standards must be evident.
- In compliance with all UWRC policies, procedures and expectations, including those specified in the contract addendum.

The support (financial or non-financial) of a funded program will be based on the roles the agency will play in impacting UWRC’s strategies issues. Program support provided under community investments will be provided to those approved programs that utilize a focused approach to bring about community change related to focus areas identified by UWRC.

No request is guaranteed funding from UWRC and the support of funded programs is left to the discretion of UWRC’s community investment process. On an ongoing basis, UWRC will carefully examine all funded programs. UWRC has the discretion to end funding for any programs that do not address our focus. In addition, funded programs may terminate their partnership with UWRC at any time by written resignation.
UWRC improves lives by funding programs that provide services to Racine County residents by initiating and supporting programs that focus on building an educated workforce. There are several investment options:

All applicants must read, agree to sign, and meet all provisions of the funded program agreement and standards including compliance requirements. If organization is currently funded by UWRC, they must be in compliance with all policies and procedures at the time of submitting appropriate requests. Programs must reapply for each investment as noted.

Funding available for distribution by UWRC is contingent each year upon the success of the annual campaign and other fundraising efforts.
SECTION II. COMMUNITY INVESTMENT

A1. Building an Educated Workforce RFP (Request for Proposal)
The RFP for building an educated workforce is a two year funding process. UWRC invites RFPs from mission-driven, nonprofit community-based organizations to apply for funding, when available. UWRC’s focus of building an educated workforce has identified key areas in health, education, financial stability, and essential services. UWRC will prioritize RFPs that address place-based programs for the LIFT initiative.

Volunteer advisory teams are comprised of volunteers that assist in evaluating proposals for funding. Proposals that demonstrate best strategies and practices and have the greatest impact on critical community issues are considered for funding. Each proposal will be assessed by the appropriate volunteer advisory team according to the criteria outlined in RFP.

Each proposal must:

- Demonstrate that services to be provided are tailored to meet the needs of the identified population. Consider the extent to which the proposed program is able to track and report on the UWRC outcomes for the investment area in which the proposal is being sought.
- Clearly describe plans to collect and report data on the outcomes in the upcoming funding year.
- Clearly describe the training, experience, skills, and qualifications of program staff for effective delivery of the model proposed.
- Clearly state how the proposed program will be sustained and/or scaled at the end of the grant cycle.

A2. LIFT (Link and Inspire For Tomorrow)
In the 2016-17 school year, Racine Unified School District (RUSD) opened the first community school in the district; Knapp Elementary School. The community school model is committed to promoting healthy development and learning among all youth, families and community members. The intent is to provide services and support during the day, evening and on the weekends in the school building. The model strives for multi-level impact by engaging youth and adults in community development.

By using the integrated approach to address outcomes in all three of the health, education, financial stability and essential services areas, UWRC will bring partners together to offer a range of supports and services to focus on youth, family, and community development and engagement. This will strengthen families and promote a healthier community.

All LIFT RFP must provide programming at a LIFT location and address after school and summer programming.

Funds cannot be used to cover:

- Services prior to receiving award.
- Items or supplies that will result in a profit.

The RFP will incorporate the LIFT program budget and outcomes with a two year funding process. In year two UWRC conducts an annual review to determine renewal of funding. If funding is awarded, UWRC reserves the right to adjust the program's total allocation at any time during the funding period. If UWRC cannot maintain the initial allocation amount due to unexpected significant decreases in UWRC's revenues or reserves. The program will be notified at least 30 days in advance of the required change in the allocation for the remaining months in the funding period. Funds will be distributed over a 12-month periods and renewable for up to one year based on outcome results.
A3. Community Workforce Fund
United Way of Racine County plays a vital role in the success of Racine County community. Volunteer and community engagement programs help people understand, experience and feel connected to the community. B. OTHER INVESTMENTS

B1. Donor Designations
United Way of Racine County allows individuals who donate to the annual workplace campaign to designate their gifts to any United Way funded agency that received program award through the request for proposal process as identified on the annual campaign donor designation form. It is the employer’s decision to offer donor designations to its employees. United Way will make every effort to accommodate company designation policies.

Donor designation forms must be returned in the campaign report envelope along with the pledge cards. Donor designation forms must be turned in to United Way of Racine County by December 31 for processing or at an agreed-upon date between United Way of Racine County and contributing organization. Donor designations processed by an out-of-town employer will be honored if received by February 28. Incomplete or inaccurate forms will not be processed and will be returned.

- Designations are accepted only for agencies receiving UWRC program funding and will remain intact for up to but no more than two years after program funding ceases.
- Designation forms with pledges made to non-United Way funded agency will be returned.
- Designators must use United Way Racine County's donor designation form (available through the employee campaign coordinator or United Way of Racine County office) or a compatible form designed by the company. The form must be properly completed, and the donor's signature is required.
- Designators must pledge a minimum of $50 to be able to designate monies to an agency.
- If designations are made to more than one funded agency, a minimum of $50 must be pledged to each agency.
- A maximum of three agency designations per donor is allowed.
- Designated cash gifts to United Way of Racine County funded agencies must be paid in full. Designations made through payroll deduction will be reduced by the annual anticipated pledge loss as determined by United Way of Racine County finance committee. Deferred pledges will be paid out based on actual collections.
- Designated donations will be paid out after the request for proposal review process has been completed. Members of the volunteer advisory teams will not be advised of an agency-directed designation during the review process.
- United Way of Racine County does not allow company-level donor designations. Matching company contributions will be used by United Way of Racine County in the general allocation fund.
- Agencies receiving UWRC program funds will be provided a list of donor names and addresses of those who wish to be acknowledged. Donors must indicate their desire to be acknowledged on the designation form. Donors who do not want their names and addresses provided to agencies will be identified as “anonymous” to the agency receiving the designation.
- United Way of Racine County has the right to verify each donor’s pledge amount with the employer.
SECTION II. COMMUNITY INVESTMENT

Exclusionary Designations
United Way of Racine County allows individuals who donate to the annual workplace campaign the ability to exclude certain agencies from the receipt of their donations. These donations are held and distributed separately from the unrestricted funds to assure that agencies that have been excluded do not share in the distribution of those funds. It is the employer’s decision to offer exclusionary designations to its employees. United Way of Racine County will make every effort to accommodate company designation policies.

- Designator must pledge a minimum of $50 to be able to designate exclusionary monies.
- Exclusionary designations are tabulated as “zero dollars” to that agency(s). This is the same as a positive designation to all other agencies not excluded. The effect of the exclusionary designation will be a pro-rated reduction in the pool of dollars available to the agencies excluded. Volunteer advisory team members will not have knowledge of an agency exclusionary designation during the review process.
- United Way of Racine County does not allow company exclusionary designations.

Donor Designation Payout Process

- Donor designation forms must be turned in to United Way of Racine County by December 31 for processing or at an agreed-upon date between UWRC and contributing organization. Donor designations processed by an out-of-town employer will be honored if received by February 28.
- Donor designation information is processed by United Way of Racine County staff by the first week of March.
- Agencies will be notified of donor designations by mid-March. The information to be provided to the agency will include the total amount of designations broken down by cash, payroll deduction and direct bill, total number of donors and the names of donors who wish to be acknowledged.
- Cash donations will be paid in full to the agency on June 15.
- Payroll deduction pledges will be paid out on June 15 and December 15. The payroll deduction pledges will be reduced by the annual anticipated pledge loss as determined by the United Way of Racine County finance committee. The balance of the payroll deduction will be paid out equally on June 15 and December 15. The finance committee has the right to examine actual pledge loss by a company in extenuating circumstances and further reduce the pledge loss on donor designation payouts.
- Deferred pledges will be paid out based on actual collection of the pledge. These pledges will be paid out on June 15 and December 15.
- There will be no administrative fee charged for donor designation pledges.
- Designations to agencies that are no longer receiving UWRC program funding will continue to receive donor designation payout up to but no more than two years after UWRC funding award ends.

Solicitation of Designations

- Funded agencies must support undesignated giving to the United Way Community Campaign.
- Funded agencies are not to promote designations for their organization during United Way of Racine County's community campaign or at any time throughout the year. This would include leveraging partner relationships to promote designations for your organization including but not limited to the following: board members, clients, volunteers, staff, United Way of Racine County presentations, and United Way of Racine County planned volunteer projects.
Failure to Comply
If United Way finds supporting evidence that an agency has failed to comply with the requirements stated above, the following actions will be taken:

- First offense: A written notice will be sent. Points will be deducted during the next funding review cycle in that organization's request for funding.
- Second offense: A written notice will be sent and said agency will be required to meet with UWRC’s President, Vice President of Community Impact, Vice President of Finance, and Vice President of Investor Relations to discuss the failure to comply. Points will be deducted during the next funding review cycle in that organization's request for funding.

Review Process
The proposals are evaluated by the appropriate volunteer advisory team, who in turn provides UWRC staff and content specialist recommended scores, score rankings and funding rationales. UWRC staff and content specialist, adjust if needed, assigns funding level based on rankings, then forwards the recommendations to CIC. CIC, adjust if needed, then forwards the recommendations to UWRC board. RFPs are due February 6, with proposal review taking place in February, March and April.

1. RFP Review
Volunteer advisory teams review RFPs to obtain information about activities/services, budget, staffing, facilities, resources, target clients, desired outcomes, plan of evaluation, and indicators of success relating to the investment area.

INTRODUCTION: This Code of Ethics is based on our mission and guided by our fundamental core values.

The mission of United Way of Racine County (UWRC) is mobilizing the caring power of Racine County to improve lives and transform our community. This critical role requires that all of us involved in UWRC who foster such an essential public good, must assume the responsibility of earning public trust. This bond of trust goes far beyond legal or regulatory requirements to include our core values, and ethics.

To fulfill this special obligation, our core values provide the foundation on which we base our actions and decisions.

**Our Core Values**

**Commitment to Community Success** – We make a positive difference and have a measurable impact of enduring consequence.

- We make a difference in our community and collectively in our world. Our efforts change lives.
- We are committed to a United Way that is relevant to all people, all cultures, all communities, and the times.
- We assume responsibility as good stewards of and are accountable for our work and sustainable results.

**Leadership** – We provide strong leadership and act as a catalyst for promoting positive change in our community.

- We are effective educators and conveners—bringing all segments of the community together to promote individual well-being and common good.
- We are leaders of a process that multiplies the impact of people’s innate desire and capacity to care for one another.

**Inclusiveness** – We are strong only when we are inclusive.

- We aspire to involve every segment of the community in every aspect of our work.
- We are committed to understanding the political, economic, social, and cultural context of our work and activities.
- We act in ways that respect the dignity, uniqueness, and intrinsic worth of every person—the community, the donors, our own staff and families, board members, and volunteers.
- We believe in a movement built from the rich diversity and gifts of all people in all systems.

**Integrity and Accountability** – We act with integrity that justifies trust.

- We uphold our core mission in a manner that promotes the trust of our volunteers, donors and stakeholders.
- We maintain the highest standards of excellence and accountability, including prudent use of finances, and fair, accurate, and honest disclosures of information.

**Innovation** – We value innovation in community building to affect positive change.

- We help transform visions of compassion and giving into dynamic reality.
- We are committed to continuous improvement gaining insights from experience, knowledge, and data.
- We innovate to drive positive change in everything we do, and have the courage to take risks and learn from our successes and failures.
The success of the United Way system and our reputation depend upon the ethical conduct of everyone affiliated with our organization. Board members, volunteers, staff and representatives set an example for each other and for partner organizations, by their pursuit of excellence in high standards of performance, professionalism and ethical conduct.

In addition, more detailed policies, guidelines, explanations, definitions and examples are often needed to bring these values into actual practice. Much of what is outlined in this code relative to employees is reflected in detail in United Way’s Personnel Policies and Procedures and in the Code of Conduct for United Way Professionals. While no document can anticipate all of the challenges that may arise, the Code of Ethics can communicate key guidelines and will assist United Way of Racine County Board members, staff, volunteers and representatives in making good decisions that are ethical and in accordance with applicable legal requirements. All are encouraged to discuss any questions or concerns they have with a UWRC leadership team member.

PERSONAL AND PROFESSIONAL INTEGRITY: A personal and organizational commitment to integrity in all circumstances benefits each individual as well as the organization. We therefore:
- Strive to meet the highest standards of performance, quality, service and achievement in working to fulfill our mission.
- Communicate honestly and openly and avoid misrepresentation.
- Promote a working environment where honesty, open communication and minority opinions are valued.
- Exhibit respect and fairness toward all those with whom we come into contact.

ACCOUNTABILITY: United Way of Racine County is responsible to its stakeholders, which include donors, partner providers, system partners, and program participants in the community who have placed faith in our organization. To uphold this trust we:

APPENDIX D - BUILDING AN EDUCATED WORKFORCE

At UWRC, community investment is the oversight and funding programs offered at local health and human services agencies. Volunteer advisory teams act as stewards of donor dollars, ensuring they are wisely invested in local programs that demonstrate need in the community, are managed efficiently, and produce positive results. All funded programs must demonstrate outcomes that are defined in the RFP and align with health, education, financial stability, essential services, and LIFT.

Building An Educated Workforce

**Impact Goal:** Increase the number of Racine County residents who participate in quality physical and mental health practices.

**Measurement:** Racine County will see a reduction of at least 20% in unhealthy behaviors and poor mental health days.

**Impact Goal:** Students graduate high school with the knowledge, skills and motivation to succeed in college, vocational training or career.

**Measurement:** By 2025, 75% of students graduate and enroll in college, secure employment, or plan to join job training or the military.

**Impact Goal:** Individuals and families achieve self-sufficiency to support future advancement.

**Measurement:** By 2025, increase number of financially stable Racine County residents by 2,000 individuals.

**Impact Goal:** Meet individuals’ essential services needs for food, shelter and safety.

**Measurement:** By providing strategies, funded programs are able to maximize support and continue to address the root causes of many issues, which will decrease the need for essential services over time.

**Impact Goal:** Brings students, families and communities together to improve academic outcomes and strengthen families.

**Measurement:** The strategy will create partnerships between neighborhoods and resources. Based on the Community School model found in 5,000 communities across the nation, it has an integrated focus on academics, health and social services, community engagement, and development.
Policy Regarding Funding of Religious Institutions:
In addition, agency must demonstrate that they are able to meet all of the following requirements:
The organization is not religious in nature and does not provide services limited to members of a particular religious group.

Political Contributions:
UWRC encourages individual participation in civic affairs. However, as a charitable organization, UWRC may not make contributions to any candidate for public office or political committee and may not intervene in any political campaign on behalf of or in opposition to any candidate for public office. We therefore:
• Refrain from making any contributions to any candidate for public office or political committee on behalf of UWRC.
• Refrain from making any contributions to any candidate for public office or political committee in a manner that may create the appearance that the contribution is on behalf of UWRC.
• Refrain from using any UWRC organizational financial resources, facilities or personnel to endorse or oppose a candidate for public office.
• Clearly communicate that we are not acting on behalf of the UWRC organization if we are identified as an official of UWRC while engaging in political activities.
• Refrain from engaging in political activities in a manner that may create the appearance that such activity is by or on behalf of UWRC.
Following is a partial list of terms that are unique to UWRC:

**Advancing the common good**: Everyone deserves opportunities to have a good life: a quality education that leads to a stable job, enough financial stability to support a family through retirement, and good health.

**Campaign**: The annual fundraising activity.

**Campaign Associate (CA)**: Campaign Associates assist ECCs with their employee campaigns and aid in other annual campaign functions with the investor relations team. A CA may be an employee of a local company whose time is donated to UWRC during the campaign, or an individual who is sponsored by contributions from local companies. Formally known as loaned employees.

**Candidate for public office**: An individual who offers herself or himself or is proposed by others as a contestant for an elected public office, whether such office is federal, state or local.

**Community Conversations**: The conversations are an opportunity for UWRC to turn outward and authentically engage members of the community. They consist of 90-minute, “kitchen-table” style discussions where groups of no more than 12 participants share their opinions about the community. Results of these conversations are shared with the community.

**Community engagement**: UWRC engages the community through various events and activities including Community Conversations, Day of Action and Day of Caring. UWRC also keeps the community informed on issues by researching and publishing a biennial Community Indicators Report.

**Community impact**: UWRC brings together community stakeholders, contributors and agency partners to create collaborative and innovative approaches to community issues around education, financial stability, health and essential services.

**Community Indicators Report**: A biennial report, compiled by UWRC, which features statistical information in an easy-to-read format about key education, financial stability, health and essential services conditions in Racine County.

**Community investment**: Focuses resources and relies on local expertise to provide solutions to critical education, financial stability, health and essential services issues within Racine County. The process strategically invests in health and human service partners that demonstrate collaboration, efficiency and effective use of resources with measurable results.

**Community Investment Committee (CIC)**: This committee of volunteers provides leadership for and oversees the community investment process for programs and projects receiving UWRC funding. Individual CIC members may also serve as chair/co-chair for other UWRC investment teams.

**Community partners**: The term community partners does not imply a funding relationship. Community partners may be funded or unfunded. UWRC combines strategic funding, advocacy work, process improvement, grant seeking and coalition building to make progress towards the community goals.
