

# STAYING HEALTHY. SAVING MONEY.

LIVE UNITED

**T**he FamilyWize prescription card works to make prescription medication more affordable for all individuals and families so that no one ever has to choose between paying for the medications they need, or other basic needs, like food and rent.

Since 2008, our partnership with FamilyWize has been dedicated to bringing quality, accessible, and affordable medicine to individuals and families in Racine County regardless of economic circumstances, age, race, religion, ethnicity, or sexual orientation.

FamilyWize negotiates a discounted price on a medication and passes 100 percent of that savings on to consumers. Pharmacists give the lowest possible price for prescriptions every time—whether it will be the FamilyWize price, insurance price, or retail price.
