

North Basin Restoration Ship 5750

12/4/08

Talked about requirement for the Var grant. Also talked about growing our own beach grass. Will contact Mrs. Fisher

12/5/08

Counter Terriost form.
Filled out and completed.

12/9/08

A meeting Discussing Time-table and planning

5/6/09 - Had meeting with Mrs. Fisher to talk about Yard and Dock. Also talk about how to spray the chemicals

May 10 ~~th~~

We did yard and dock day at the RYC. We picked up trash and wood. It looked great after we ~~were~~ got done with it.

June 20th we did the first chemical spray. We had Ms. Sabre from the D.N.R. watch us to make sure we were not too close to the water.

~~June 21~~ June 21

Ship 5150 did the first spray of the weed killer. We had Ms. Sabre from the D.N.R. watch us to the spraying to make sure we did it right.

~~July 25.0~~ August 8 we did the first burn. We had propane torches for the burning. Mr. Mearns call the fire department to let them know. It was

successful.

I had Andrew a boy
from the ship doing the
plants but ~~it~~ did
not work out. So
now I have Mike from
the ship handling the plants

9/20/09

We did another planning meeting
Andrew is setting quotes on
Monday and ordering if plants
are there. ~~8~~ Tell me delivery
date then do Third spray. Then
plant.

Oct 14

Seeds were order by
Mr. Manning and will be
in 2 weeks.

Oct 31, 09

We planted the seeds
on the beach. That was
a successful planting

Nov. 14 / 09

Ms. Fisher and I filled
out all the paper work
for the Grant. I will
be giving the packet and
Reflection book back to the
Yar.

First Day of North Basin
Restoration

picking up trash and ~~wood~~
and burning.

Water, looking up the beach
at the pier
