## Horlick receives grant to buy school supplies for the needy

**RACINE** — Horlick High School students Jade Ortiz and Doug Peterson led the effort for Horlick High School's Student Government to receive a \$1,000 grant from United Way of Racine County's Youth As Resources program. The grant was used to purchase school supplies for Horlick High School students in need. Backpacks were filled with the supplies that the students were able to purchase. The backpacks were then given to Horlick Helping Hands for distribution.

Horlick Helping Hands is a committee of teachers that formed four years ago to raise money to buy school supplies, clothes and food for students who are in need at the school. The group holds fundraisers through which the Horlick High School staff donates funds to help Horlick High School students and families. Over the years, Horlick Helping Hands has raised thousands of dollars to directly support the families at their school.
