my name is Tamirae Schluechtermann.
I helped with the Carshow by
setting up food, passing out Goodie
bags, and helping with other little jobs
like ~~posting~~ up signs. Although the
weather wasn't the greatest, the
overall car show was fun, and I
think Chris did such a good job
planning it out.

Chairman Notes: Chris Roberts

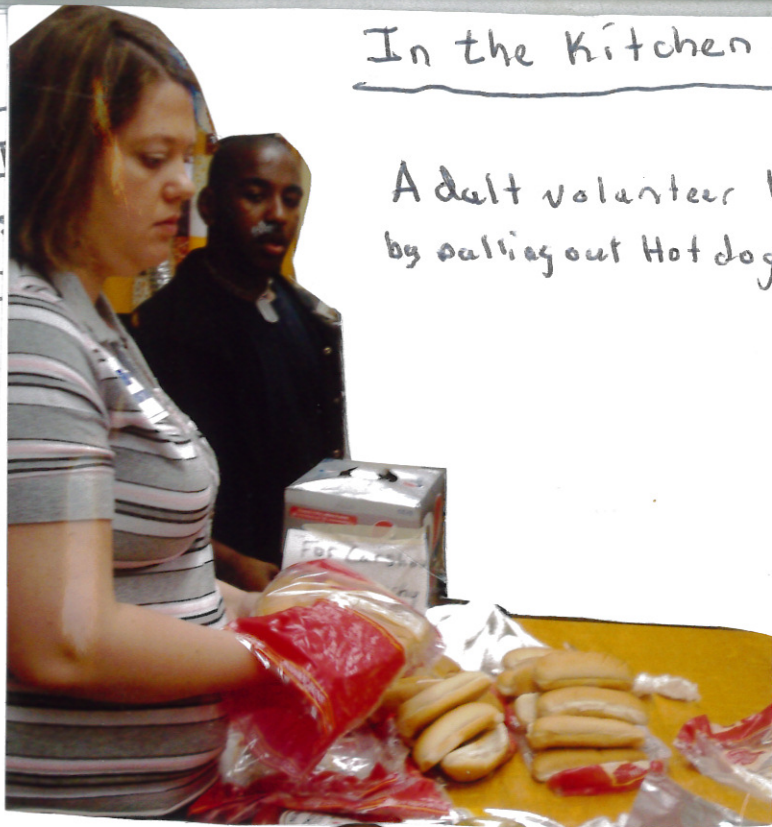

I Love everything about the carshow it's so stressful to plan it but that's what I Love about it so much the planning and preparation is my piece of the puzzle in this puzzle box. I Love my Volunteers for all their the adults and Youth if I didn't have their help I wouldn't be able to do all things that many of my volunteers have done. I have learned alot from doing this grant and carshow. I learned about how to even write a grant.
