The whole year I wait
for this event, and it just keeps
getting better and better.
Some cars leave, others join
us. It's always an adventure
that we never should leave to die.
This Walden tradition should live
on.

Nice Event
- Justin Sosa

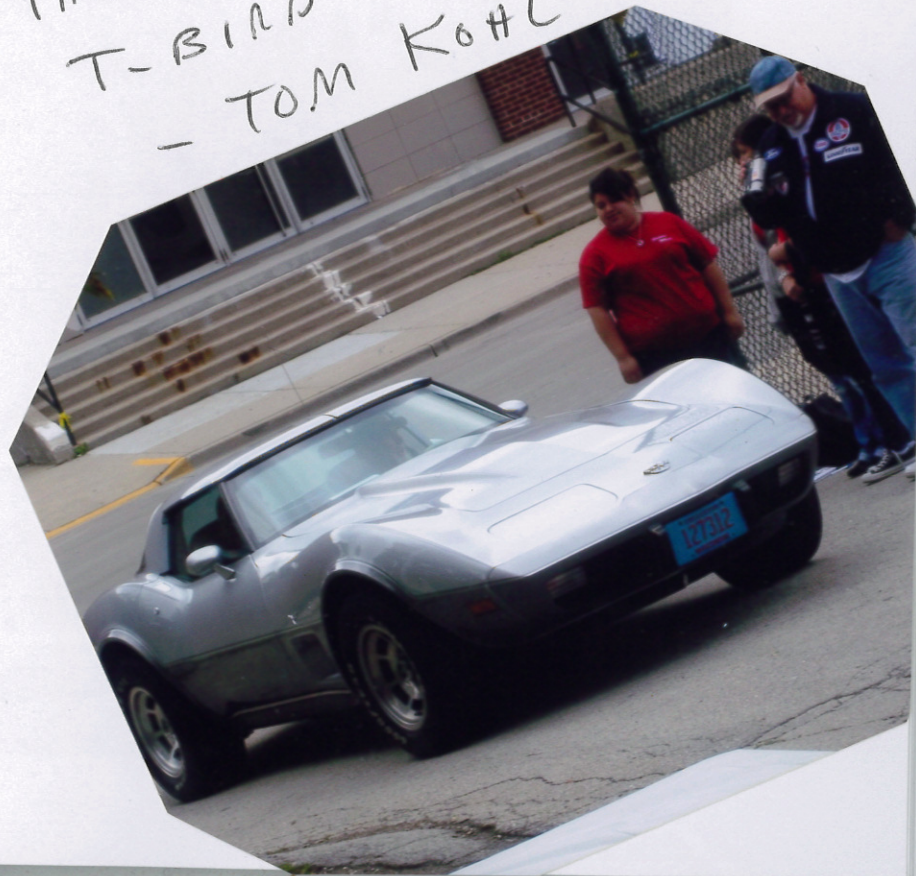

Best Show ever!
Great Team work!
Can't wait for next

Twelve years of events and still
the kids manage to impress me with
their efforts and creativity. This year
was a combination of our most
unfortunate weather ever and the
most outstanding organization and student
participation ever. I know the skills
our student chairman developed by
working on this project: leadership,
time management, communication, grant
writing and more, have been instrumental
in his progress toward college. He
has been accepted for the fall at U.W.W.

Nice!!

This is my last car show
as chairman and I feel
really good about the
organization this year.
I wish I had one more year
to organize but I know
I am leaving it in good hands
My sister Leslie Lee will
be as or more organize than
I will.

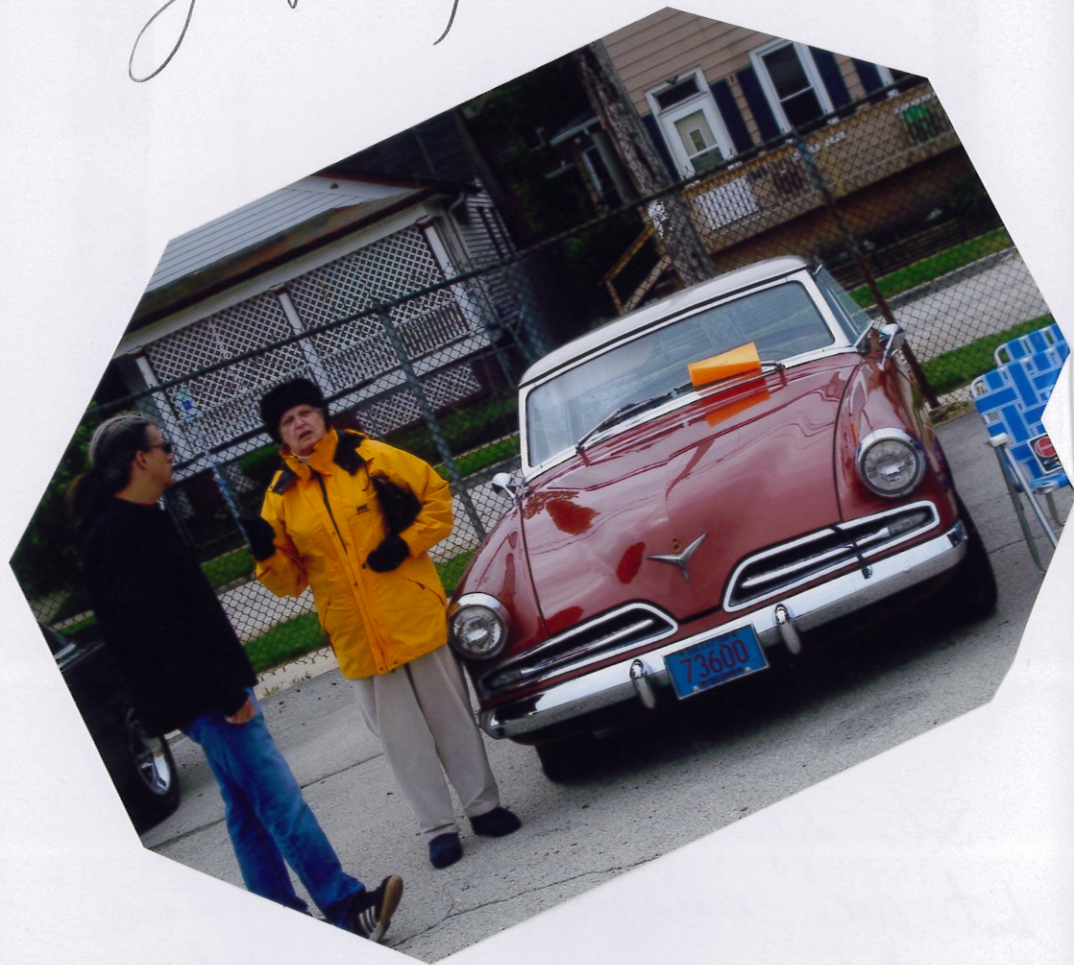

Chairman gets a plaque
for dedication and service

It's difficult to surprise Chris
but we managed this one time.
It took much sneaking around.

Well done —
yet again
