The focus of Walden Wheels is to bring the greater Racine community together with the students of Walden. It is also a way for any community member, even if they didn't bring a car, to get a free meal.

Dear Motor Enthusiast

This year's Annual Walden Wheels is scheduled for Friday, June 5<sup>th</sup>. This is our 15<sup>th</sup> annual event produced totally by students as part of a year long learning project. If you are one of our many loyal regulars, we hope to see you again this year. If you have never attended, why not give us a try this year? We are looking for cars, bikes and any other kind of wheeled vehicle. So please, bring a vehicle or just come to enjoy the show and music. While supplies last, we will have free lunch and door prize tickets for participants. Walden Wheels t-shirts will be available for purchase at the show.

I hope to see you there,

Garrett Wilkins

A handwritten signature in black ink, appearing to read "Garrett Wilkins", written in a cursive style.

Walden Wheels has been around since 2000, and has morphed time and time again. I (Garrett) took over the car show because otherwise it would simply dissolve.

Through Walden Wheels, I learned that I can be decently organized, though I wait until the last minute which doesn't always work.

I feel relieved after completing the project without any major problems.

I was able to delegate tasks to others, some of them I knew were going to help and some who just jumped in to help.

The best part of my project was seeing the guests that did show up and how much they enjoyed the show.

I learned that a cloudy day will scare most people with collectors keep them in their garage.

The biggest obstacle of the show was the weather. Due to it being a cloudy day, most people who usually come stayed home because they didn't want their 'garage queens' rained on, which is an understandable excuse

The most difficult part of putting the project together was finding the time to do everything, because I am an extremely busy person.

Next time, for Walden Wheels, I will do more work during the beginning of the school year, because I have more time.
